BREAKAWAY POST DEADLINE

In 2000 the MUTCD made breakaway sign supports a "shall" condition for supports within the **clear zone** of all streets and highways in the United States. FHWA intends to limit the mandate for retrofitting breakaway supports on non-National Highway System routes to those posted at 50 mph or greater, and has set a deadline of January 2013* to accomplish the retrofit of existing sign posts. Any new sign post installed after the January 2013 Breakaway Post Deadline shall be breakaway compliant on **any and all speed roads**.

CHOOSE YOUR POST LENGTH CAREFULLY. BE SURE TO INCLUDE ENOUGH ROOM FOR ALL SIGN/LIGHTING COMPONENTS INCLUDING A MINIMUM DIRECT BURIAL DEPTH OF 24-30"

Post installation methods...

V-Loc Breakaway

For use in clear zones to make 3" & 4" Smooth and Fluted tubing breakaway compliant

Direct Burial Posts

Designed for use with concrete installation. We recommend 24" of post burial. Size and depth of concrete varies according to local soil conditions. Concrete foundations should extend above ground level and be larger in diameter than the base, to prevent damage and ensure the finish will be protected for years to come.

Surface Mount Posts

Designed to be used when pole is mounted above grade and fastened with anchors or "J-bolts" in concrete. Fasteners are cast integral with foundation. Call ahead and we can send a hole placement template to match the bolt patterns on our surface mounted bases for use when pouring concrete footers.

See page 34

Bulk Post Pricing, call for volume discounts

Signature Streetscapes offers significant discounts on both powder coated and mill finish (raw/uncoated) material when ordered in bulk. Call our customer service department for more information on placing high volume orders. Custom lengths also available upon request.

NEED SPECIAL HARDWARE?

We understand that when building custom sign fixtures that sometimes the standard hardware package may not always fit your needs. It is important to us that when your products arrive everything required to properly mount your sign is included in shipping. Please let us know at the time of order if you have any specific hardware or mounting style requirements. In almost all cases we can suggest and provide hardware and mounting solutions to fit your needs.

Sign Post Hardware & Accessories
